## Career Objective

---

A recent Information Technology graduate from Victoria University with excellent academic results looking for an entry level position in IT where I can put my knowledge, skills and experience into practice and make a contribution. I am eager to learn and will utilise my strong academic background in IT for accurate completion of tasks and upgrading my skills and knowledge.

## Key Skills Summary

---

- Developed basic coding skills that include html, CSS, JavaScript and the use of GitHub at Dented Code
- Developed intermediate level of understanding about React library whilst doing a project that involved building an online retail store
- Gained experience of working in a multi-cultural team with good organisational skills by meeting deadlines whilst working as a Retail Assistant at Aldi and as a Crew Member at McDonald's
- Strong theoretical understanding of Accounting concepts such as Statement of Financial Position, Income Statement, Cash Flow Statement and Bank Reconciliation gained through university studies
- Strong written and verbal communication skills demonstrated by serving and interacting with customers to meet their needs and address their issues, whilst working in a customer centric role in retail
- Ability to manage time effectively and meet targets, as demonstrated whilst managing full-time studies and part-time work
- Developed intermediate level of computer skills including Excel, Word, PowerPoint and Visual Studio during university studies

## Education

---

### Dented Code Academy

Aug 2021 – February 2022

Rockdale, Sydney

*This institute teaches coding skills that are needed to become a full stack developer (MERN stack)*

### Master of Applied Information Technology

Jul 2019 – Jul 2021

Victoria University, Sydney

**Achievement** – Awarded the First Year Course Champion Award in recognition of outstanding academic performance in the first 8 units attempted

### Professional Year

Aug 2017 – Jul 2018

Performance Education, Sydney

*This program is recognized by CA/CPA and SMIPA and assists graduates in enhancing their employability by developing Australian workplace skills and professional business communication*

## Academic Project

---

### Designing an e-commerce web application

**Objective:** Requirement of building a functional online store for a sports company selling soccer boots of different types

**Tools:** Use of Microsoft visual studio code, GitHub and Trello for completion of project  
**Detail:** Worked individually whilst guided by my mentor from Dented Code Academy. As required, I successfully designed a user-interface (UI) and also worked on back-end development  
**Outcome:** Successfully presented the web application

*\*Note: Payment feature is still being worked on*

## Employment History

---

### Deputy Manager 2018 - present Aldi, Sydney

- Demonstrating strong customer service skills through handling complains and stock enquiries of up to 25 customers daily
- Demonstrating good organisational skills by ensuring warehouse and office is maintained on a daily basis
- Utilising good communication skills by communicating any store issue to the relevant contractors to get the particular issue fixed
- Demonstrating strong management skills by meeting financial as well as productivity targets every shift
- Effectively communicating with other Aldi store managers to cover any shifts required to be covered

### Retail Assistant Mar 2015 – 2018 Aldi, Sydney

- Demonstrated strong customer service skills through responding to product related queries and meeting the needs of up to 20 customers daily
- Demonstrated good organisational skills by ensuring stock is properly managed and replenished at least twice on a daily basis
- Worked effectively within a team environment by collaborating with up to five colleagues to complete daily tasks such as maintaining good customer service, correct merchandising, ensuring products are available at all times and maintaining the store standards for smooth operation
- Utilised good communication skills through greeting and serving hundreds of customers on a daily basis

**Achievement** – Awarded Employee of the Week, October 2015, for achieving a mystery shop score of 100%

### Crew Member July 2014 – July 2016 McDonald's, Sydney

- Demonstrated good organisational skills by ensuring proper management of stock and ensuring it is transferred to the store from the warehouse, on a weekly basis
- Worked effectively within a team by taking, preparing and delivering meal orders on time, maintaining and cleaning equipment in the store daily and relieving for colleagues when absent, as and when required
- Demonstrated effective teamwork by cross training with existing and new Crew Members to ensure the delivery of seamless service at all times

## Personal Attributes

---

### Reliable, hardworking and eager to learn:

- Reliable and trustworthy with a strong work ethic and values as demonstrated whilst working in a team at Aldi and McDonald's by being available to work extra hours, when required
- A high achiever; received a distinction average at Victoria University and Australian Catholic University
- Enrolled in JavaScript, react-js and node-js courses for self-based learning

### Prioritising tasks:

- Ability to prioritise tasks to consistently meet deadlines as demonstrated whilst working at Aldi by ensuring all tasks are completed by the end of the day and during university studies by ensuring all assignments were submitted prior to the deadline

**Honest, responsible and determined:**

- Displayed honesty and accuracy while operating cash registers in my role as a Retail Assistant at Aldi
- Showed determination and responsibility by actively identifying shoplifters in my role as a Retail Assistant at Aldi

**Language Skills**

---

- English: Write, Read, Listen, Speak (Pearson Tests of English 'PTE' score of 89 out of 90)
